

## Site Visit Safety Information

Within the construction industry there are plenty of dangers to be aware of, especially for those who may not be familiar with the workplace. Moving vehicles and uneven surfaces present risks that must be reduced as much as possible to make your site visit safe.

You will be met at the entrance to our site by a Chevin Homes representative who will sign all visitors in and out. Although this is a piece of admin that some may deem unnecessary, especially if you have visited before, it can be vital in an emergency to make sure everyone is accounted for.

You will be given an induction when you arrive at the site entrance to make you aware of the site layout, the proposed route through site and any hazards on-site. You will be accompanied by a Chevin Homes representative at all times on-site who is your dedicated point of contact and can be referred to at any time on your site visit.

Personnel Protective Equipment (PPE) will be provided by Chevin Homes such as hi-vis vests and safety helmets. We would also need you to wear your own appropriate footwear, walking boots, trainers or wellington boots are ideal.

Please be advised we do restrict children onsite and minors under the age of 12 are not permitted.

Please refer to your Chevin Homes point of contact at all times.

Thank you.
